Artist's Conception of Blast

Based on Vice Adm. W. H. Blandy's advance description of likely results, this is an artist's conception of the column of water to be blown into the air from the underwater atomic bomb blast scheduled to occur at Bikini July 24, U. S. time. Admiral Blandy predicted waves as high as 100 feet as a million tons of water rise in a huge column from the point of impact.

Court of Appeals Upholds Verdict On Fay and Bove

Conviction Is Affirmed Without Opinion by Highest Court in State

Albany, July 24 (AP)—The Court of Appeals has upheld the convictions of Joseph F. Fay and James Bove, former American Federation of Labor Union leaders, on charges of conspiracy and extortion in connection with New York City's \$300,000,000 Delaware water project.

Orme Says White To Be Prosecuted

Three Felony Counts Are Basis, He Says; Jury Fails to Name White

San Diego, Calif., July 24 (AP)—Deputy District Attorney Archie D. Orme said today the district attorney's office would prosecute George White, 52, New York and Hollywood producer, on three felony charges, although a coroner's jury yesterday did not name him as driver of a car which killed a newborn couple.

Ryan Is Released In Cashin Death

Albany, N. Y., July 23 (AP)—An Albany county grand jury announced today it had found no indictment against Edward J. Ryan, 26, Albany, who had been charged with second degree assault in connection with the death of Edward Cashin, 36, also of Albany.

Clash Impends Over War Booty

Two-fold Factors Listed as Basis of Fight on Reparations

Washington, July 24 (AP)—A two-continent diplomatic clash between Russia and the United States appears to be shaping up today over German and Japanese war booty.

At the root of the impending trouble are these factors: Reparations Commission Edwin W. Pauley's announcement that this country is considering a permanent halt to German reparations deliveries to Russia to offset "more than \$2,000,000,000" worth of Manchurian industry "incapacitated" by Soviet removals from that country.

Disclosure by other officials that the United States will oppose an expected Russian demand for a share in reparations from the Japanese mainland.

Reporting to a news conference yesterday on his findings during a 16-country survey, Pauley charged that the Soviet action in Manchuria has upset the "lives and welfare of 900,000,000" people throughout the Far East for at least a generation.

Atomic Test Will Be Made Today at 5:35 Daylight Time

Bomb Will Be Set Off Below Waters of Lagoon by Radio Impulses

Aboard the U.S.S. Appalachian, July 24 (AP)—The historic test of an underwater atomic bomb against a fleet stronger than most navies of the world will be staged tomorrow (today, U. S. time), weather permitting.

Early today a small craft believed to be the one from which the earth's first subsurface A-bomb will be suspended was towed into Bikini lagoon past the 29 combat ships and 46 other vessels awaiting their possible doom.

From his flagship, the U.S.S. Mt. McKinley, Vice Adm. William H. P. Blandy flashed the word that the test was on, while he kept an eye on the squally weather, ready to postpone everything if Necessary.

An erratic tropical weather front moved back over Bikini atoll and the rest of the Marshalls, bringing clouds and rain, but meteorologist hoped a neighboring high pressure area would shove it off to the west.

The semi-final act of this second atomic drama in Bikini lagoon within a month was performed with all the elaborate secrecy of wartime.

The mysterious small craft entered the lagoon in tow of a tug early in the day and passed the line of target ships, many seared and blasted by the aerial A-bomb of July 1.

It moved on to the central location from which lines of target ships radiated outward as much as two miles like the spokes of a giant wheel.

A canvas will conceal the bomb from the eyes of the crew that will submerge it.

Only Dr. Marshall Holloway, Cornell physicist, and other scientists from Los Alamos, N. M., will see it. Holloway will sleep tonight under the craft from which the bomb will ride submerged.

Zero Hour Is Announced

If all goes well with the weather, some time before the detonation hour of 8:35 a. m., tomorrow (4:35 p. m., Eastern Standard Time today) he will set the mechanism that will prepare the bomb for detonation.

Then he and his crew of nine will board a small but powerful boat and speed away several miles from the waiting trigger ship, the Cumberland Sound. There Holloway will unlock the door leading to the remote-control trigger.

This trigger will send out radio impulses which will set the detonating mechanism of the atomic bomb in operation.

Thereafter, no one is certain what will happen, although scientists are fairly sure that a monstrous waterspout will rocket into the sky to a height of two or three miles.

House Supporters Refuse to Back G.I. Bond Measure

Group Would Give Cash to Soldiers, Sailors; Will Fight for Lump Sums

Washington, July 24 (AP)—House supporters of terminal pay for G.I.'s and gobs shouted an emphatic "no" today to the Senate's plan to issue bonds cashable only after five years.

Rallying behind the cry that "if cash is good enough for officers it's good enough for the enlisted men," the group planned to fight for restoration of the original House provision for lump sum payments.

That fight will be made in a Senate-House conference to which the bill passed by the Senate late yesterday may be sent by nightfall.

Rep. Sikes (D., Fla.), chairman of the Military Subcommittee which wrote the House bill, and Rep. Dwight L. Rogers (D., Fla.), its co-sponsor, told reporters they will demand a reversal of the Senate's position.

"The main argument for payments in bonds," Sikes said, "is that it would be inflationary to pay out so much cash at one time. It's a strange thing that the only time some people worry about inflation is when they don't have to get some cash. I didn't hear any cries of inflation when we voted to give several billion dollars to Great Britain."

Rogers and Sikes both noted that the bond payment plan was not even considered by the House when it passed the bill without a dissenting vote on June 11. The Senate action yesterday was by voice vote.

The bond provision, suggested by President Truman after the House acted on its own bill, provides that payments generally are to be in bonds unless the amount is less than \$50. In that case the recipient would get cash.

Would Be Worth \$25

The bonds would be in \$25 denominations, non-negotiable and payable at the end of five years at their face value plus interest accrued at two and one-half percent. Payments in amounts other than a unit of \$25 would be in cash. A man entitled to \$85, for instance, would receive \$75 in bonds, and \$10 in cash.

Payments entirely in cash would be made to men discharged before January 1, 1943, and to survivors of men who have died since their discharge.

Both the Senate and the House versions are estimated to cost up to \$3,000,000,000, although under the bond proposal not all of that would be paid out in cash at once.

The Senate left unchanged these House provisions: Payments to be made to all enlisted personnel of the armed forces who have served honorably at any time since September 8, 1914.

Health Officials Hope Major Polio Epidemic Is Out

Thus Far Cases Are Below 1944 and Are Said to Be Scattered; 1916 Tops

(By The Associated Press)

Infantile paralysis already has struck more people this year than in the comparable period in 1944—second worst "polio" year in U. S. records. But health authorities offer hope a major epidemic will be averted.

In Washington, a U. S. Public Health Service official who asked anonymity said this hope is based on the fact that the cases so far this year are scattered among a larger number of states than in 1944.

And he said the outbreaks in those states may well "level off" before they reach anything like the "explosive" outbreaks that occurred in a few states in 1944.

Those states accounted largely for the total 19,029 cases recorded that year. There were 27,363 cases reported in 1916, the all-time high.

Up to July 13 this year, there were 2,596 cases throughout the country reported to the health service, compared with 1,752 for the similar period of 1944.

This year's total up to mid-July is also the highest for the period since 1934 when 2,694 were recorded for the comparable period.

Eight states have reported to the service more than 100 cases so far this year, with Texas worst affected and listing a total of 391 up to July 13.

Due to the time lag in reports to the service, Minnesota was not among those eight states although Minneapolis officials say the disease is now epidemic in that city. Since July 1, 178 cases have occurred in Minnesota, bringing the total for the year to 220.

The Public Health Service classifies the disease as epidemic in certain areas.

Arabs Say Might Act In Palestine

That Is Their Warning to Be Put Into Action Unless British Halt Terrorism

Leaders Sought

Jerusalem Is Combed for Heads of Jewish Underground

Jerusalem, July 24 (AP)—Tension in Palestine, scene of a vast manhunt for extremists who bombed the King David Hotel Monday, was heightened today by an Arab warning that if the British failed to halt terrorism the Arabs themselves would be forced to take a hand.

While rescue workers continued to dig through the debris of the hotel here in hopes of finding additional persons still alive, British troops and Palestine police combed Jerusalem for leaders of the Jewish underground organization Irgun Zvai Leumi.

An announcement purportedly from that organization, received by The Associated Press last night, said that Irgun Zvai Leumi "soldiers" staged the bombing, which resulted in at least 48 persons killed, 20 injured and 1 missing.

The question most frequently asked in the holy land was what effect the explosion, which destroyed a wing of the hotel containing British military headquarters, would have on the admission of additional Jews to Palestine.

Egypt, Iraq and five other Arab countries asked the United Nations in New York take action to bring the British mandate under U. N. trusteeship. Prime Minister Attlee told the British House of Commons in London yesterday that the "insane act of terrorism" would not deter his government from seeking a "just and final solution" to the Palestine problem.

Attlee Is Accused

The Arab warning to the British accused Attlee's administration of "being too reluctant to use its full forces to wipe out terrorism and protect Arabs in Palestine."

The arrest last night of two wounded Jews brought to 29 the number of persons injured in the explosion.

Man's Identity Still Is Mystery; Is at Benedictine

Mystery still shrouds the identity of the man who was pulled from the Rondout creek, at the foot of Hasbrouck avenue, at 12:15 o'clock last Monday morning.

The man was removed to the Benedictine Hospital by the police, where he is being treated for asthma and sinus trouble.

For several days futile attempts have been made by the police and hospital authorities to have the man disclose his identity and where he lives.

The police shortly after midnight Monday morning received a telephone call from a man, who did not give his name, to the effect that he had pulled a man out of the creek, and asked police assistance.

Officers Henry Ronnenberg and Joseph Myers in one of the radio squad cars were called to the scene. Continued on Page Eleven

Says Shells Faulty

Maj. Gen. Alden H. Waitt, chief of the chemical warfare service, tells the Meade committee at Washington that defective shells killed American soldiers who fired them during the Battle of the Bulge. Senate Committee Is Told Soldiers Die by Own Shells

Major General Declines to Say How Many Killed by Premature Blasts of Mortars

Washington, July 24 (AP)—The Senate War Investigating Committee called upon the White House and the War Department today for help in its investigation of a munitions combine. Further, it drafted a budget for \$65,000 in additional funds to widen its search for wartime frauds.

Committee aides laid before President Truman, who was the committee's first chairman, a formal request for income tax records of undisclosed key figures in the combine's wartime operation.

Simultaneously, it demanded from the War Department full reports on defective 4.2 mortar shells. Maj. Gen. Alden H. Waitt, chief of Chemical Warfare Service, has acknowledged these killed some American soldiers. He said it was doubtful whether the responsibility could be pinned down to any particular producers.

The committee scheduled an executive session for 2 p. m. E.S.T. today, chiefly to discuss plans for "work" ahead of the coming congressional recess. Chairman Mead (D-N.Y.) has said that it has a number of cases "on top."

Ten or 12 Died

Waitt said he did not know how many men died from defective shells, but estimated at least 10 or 12.

The War Department, he said, had been unable to trace the defective shells to any particular manufacturer although an effort was made to do so.

Telling the committee that he had "sweat blood" over the defect, Waitt expressed belief that the trouble was due to specifications and design.

He acknowledged that it "might have been" due to defective manufacturing, but declared that "I don't think really it's possible to pin this thing on any manufacturer."

Replying to questions, Waitt said Erie Basin Metal Products Company was only one of a number of manufacturers of the shell. Erie Basin was a member of the munitions group which members of the Senate committee have come to call the Garsson combine. Henry and Murray Garsson, brothers, were principal figures in it.

Message Is To Follow His Action

Ross Says Congress Is to Get Report From Truman Regardless of Approval, Veto

Blasts Are Given

Senate Critics of O.P.A. Give Final Raps at Agency

Washington, July 24 (AP)—Quick presidential action was promised today as soon as Congress sends an O.P.A. revival bill to the White House.

Charles C. Ross, press secretary, told reporters President Truman will act "very promptly" and send Congress a message or memorandum—whether his action be veto or approval.

Ross would not forecast Mr. Truman's action which he timed as likely to come tomorrow. However, House Democratic Leader McCormack (Mass.) has said the President will approve the newest version of a trimmed-down O.P.A.

The President's message, Ross added, would be a written one and not a speech for radio delivery. (The President spoke on the radio when he vetoed the previous O.P.A. bill.)

Asked whether the President, in the event he signs the bill, will appoint its price decontrol board tomorrow, he said he thought it unlikely.

The Senate slowly inched the compromise revival bill toward the White House.

Supporters sat back to listen while critics recited again their record of dissatisfaction with O.P.A. as it was—and as it may be—before a vote most members doubted would come before nightfall.

There was an air of certainty on both sides that this vote would complete congressional action on the compromise measure to resuscitate the agency which died 24 days ago with Mr. Truman's veto of the original extension bill.

The House passed the measure on a 210 to 142 vote yesterday after defeating 220 to 135 a move to strike out all but rent controls.

Mr. Truman's reaction, but most legislators thought his pen strokes would spell out an approving, if reluctant, signature.

The lawmakers could only guess what he might have to say in addition about a Congress that twice refused to continue the broad authority O.P.A. held before July 1 and then gave him a bill keeping ceilings off many major food items, at least until August 20.

This narrow authority, galling as it is to such price control champions as Senator Pepper (D-Fla.), still represents too heavy a governmental hand to competitive market advocates such as Senator Wherry (R-Nebr.).

Whereas the Republican whip, told a reporter he is organizing opponents to blast away at the "uncertainties and confusion" he contended might cut down the flow of foodstuffs and manufactured articles to retail consumers.

But the Nebraskan indicated he has little doubt the Senate will approve the bill.

Pepper, who fought unsuccessfully to retain the old O.P.A. without change, said he could see nothing in the compromise but "constantly increasing prices."

Senator O'Daniel (D-Tex.), bitter foe of O.P.A. said he saw little use talking at any length against the measure.

Senator Taft (R-Ohio), whose bill the Senate committee has rejected, declined to run.

Bids for 500 Parking Meters Are Being Sought by City

Bids for the installation of 500 parking meters in Kingston are being sought by the traffic control committee of the Common Council. All bids must be in the hands of the city clerk not later than August 25, it was said today by Alderman Frank Oulton, chairman of the committee.

In discussing the question of parking meters Alderman Oulton said that a survey of the city had been made several weeks ago by Chief of Police Ernest A. Boss and himself and they had counted 1,013 parked cars in the area between Washington and Harley avenues and the Strand.

This number, he said, did not include the number of cars found parked in restricted areas in the city. Alderman Oulton estimated that the purchase of 500 parking meters, if they proved satisfactory after a six months trial period, would be between \$30,000 and \$40,000.

Alderman Oulton said that he believed the traffic control committee would have a complete report on the cost of meters ready for the September meeting of the Common Council.

If a satisfactory bid is received from one of the concerns who manufacture the parking meters, they will be installed without cost to the city, and used for six months trial period, and during that time 25 per cent of the amount taken in by the machines will be turned over to the city, the concern retaining the other 75 per cent.

Present plans call for installation of meters in the business districts of the city.

A.L.P. Endorses Three Democratic Nominees

The American Labor Party has endorsed three regular Democratic nominations for the August 20 primary according to papers filed with the Ulster County Board of Elections.

Harold Swart, of Saugerties, has been endorsed for county treasurer; Myron A. Rogovin, Kingston, for Member of Assembly; and Dr. Irving Feinberg, of Ellenville, for coroner.

The action followed notices of declination filed by the entire A.L.P. ticket announced last week. Following the defection of Fred Dusing, business agent of Local 17, the remainder of the A.L.P. ticket declined to run.

Rhinebeck Fair Announces Many Features for 1946

Rhinebeck, July 23—Several outstanding events have been scheduled for the 101st annual Dutchess county fair which will be held at the Rhinebeck fairgrounds August 27, 28, 29 and 30, Ernest I. Hatfield, president of the Dutchess County Agricultural Society, said this week.

Consuls of 40 foreign nations have been invited to visit the fair August 29 and many have accepted. In anticipation of the visit of the many county manufacturers and merchants have leased space in the merchants and manufacturers building, thus guaranteeing the largest exhibit of this type the fair has ever had.

Governor Dewey has been invited to attend the fair on Governor's Day, August 27. Children's Day will be observed on the first day of the annual exhibit.

Harness Races
Three days of harness racing have been scheduled with three races of three heats each for August 27, 28 and 29. Harry Cotting, who this year replaced Frank Cookingham as race secretary, has some outstanding horses coming to the Rhinebeck half-mile track from the Saratoga, thus promising harness fans some fast action from quality trotters and pacers.

Also on the amusement side, a horse show has been scheduled and Mrs. Deborah Dows again will be superintendent of the pony show with a larger entry than last year anticipated. The usual draft horse show will be held and as one of the fair's outstanding attractions eight Suffolk horses from the Berry Bald Mountain farm, near Troy, will be exhibited at the fair. Mr. Berry imported the eight horses from England and six of

Kiamasha Hotel Says Safe Missing

Kiamasha Lake, N. Y., July 24 (AP)—A 1,000 pound safe containing cash, jewelry and other articles valued by hotel officials at \$18,000 has been reported missing by the Kiamasha Fairmount Hotel.

The robbery occurred within 24 hours after the disappearance of two safes containing an estimated \$50,000 in cash and jewels from the Congress Hotel at Sackett Lake, and was the fourth of its kind in this vicinity in the last two weeks. Three men are being held in the Sullivan county jail for grand jury action in connection with the Congress Hotel robbery.

They are driven in a six-horse hitch.

The regular departments, including fruit, vegetables, cattle shows, 4-H Club exhibits, Grange displays, school exhibits, a poultry show, the milking contest, flower show, farm machinery display and others are being continued with prospects that the entries in each will break previous records.

Rabbits New Feature

One of this year's new features will be a national rabbit show sanctioned by the national association. With this sanction, it is anticipated that every type and kind of domestic rabbit will be exhibited at the Dutchess fair.

Expansion plans for the Dutchess show are under way and one new building has been erected on the fair grounds to accommodate the constantly increasing number of exhibits. Next week Charles Nash, director of the Eastern States Exposition, Springfield, Mass., will confer with local officials to advise them on expansion plans to be put into effect when the society gains title to the grounds.

Oscar Buck's carnival will be back at Rhinebeck for the four days of the fair to provide the midway, rides and games along with numerous side shows.

Stellar Show

Entertainment acts will include the Four Brucettes, acrobats; the Aerial Boises, a three man comedy team and aerial bar act; Edison and Louise with their trained dogs; Jack Andrews and his Brahama steer; Georgiana Dieter, songstress, and a nine-piece band.

Several Dutchess central schools have agreed to send their bands to the fair and these will be staggered so there will be at least one band concert daily.

On the final day of the fair, Friday, August 30, Jack Kochman and his cavalcade of thrills will be the feature with shows after noon and night of auto and motorcycle stunts. All fair exhibits will remain in place through 10 p. m. August 30 so it will be possible to see the fair and the thrill show on the same day or night.

An Old Belief

In ancient Greece it was believed that it grew warmer and warmer as you went south, and that if you went far enough you would die from the heat.

Flashes of Life Sketched in Brief

Crossing the Folds

Independence, Mo., July 24 (AP)—Councilman L. Reuben Lynch asked that something be done for his constituents, upset by the "annoying and excessive whistling" of a switch engine.

Roger T. Sermon, Democratic mayor of President Truman's hometown, suggested it would be unwise to stop the whistling since dangerous intersections were involved.

"But mayor," protested Lynch, "we might need these people the coming winter, two weeks from Tuesday." (That's the date of Missouri primary election.)

"If the train doesn't whistle at those intersections," retorted Sermon, "they may not be here two weeks from Tuesday."

Some words fool you:

TRIP means

TRIP means

but **BALLANTINE** Ale & Beer always means: Purity, Body, Flavor

PURITY
BODY
FLAVOR

There's the trip that gives you a jar . . . the trip you take in your car. Trip, with its double meaning, is a word that can fool you.

But not Ballantine! Ballantine always means PURITY, BODY, FLAVOR . . . the qualities symbolized by Peter Ballantine's famous trade mark, the 3 rings. Next time, make yours Ballantine.

AMERICA'S FINEST SINCE 1840

P. Ballantine & Sons, Newark, N. J.

There's no wheat in ale or beer

the beverages of moderation

Wheat is needed to feed the world's hungry people. During the present emergency, here are three ways in which we can all co-operate with the President's Famine Emergency Committee:

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with meatloaf, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

Double Door' Is Good Thrill'

Robert Gill Has Directed
Good Piece; Miss
Morris Starred

Woodstock Playhouse offers delightful melodrama this week in Elizabeth McFadden's "Double Door." There's excitement, plenty of emotionally upset characters, the domineering self-willed woman plus some sincere folks and of course the "double door." Much credit is due Robert Gill for his directing.

The play is quite different from others presented this year. Action takes place again as last week in the early 1900's in the living room of a wealthy New York family. Gloom and mystery seem to be foreboding from the opening curtain as the ideas of the two Van Bret sisters begin to clash. Their young brother and his bride-to-be prepare for their wedding and Victoria Van Bren in her disgust for the choice of her brother beckons all to her desires in robbing the couple of a happy wedding day and marriage. Her sinister plot and their final revelation make a most interesting evening's diversion.

Mary Morris Plays Victoria
This vicious woman, Victoria Van Bren, is played of course by Mary Morris in her first appearance at the Woodstock theatre. She has been directing a number

of the productions this season but this week steps into the type of role for which she is justly famous. With Edith King as the second sister who has been thoroughly frightened into submission, the portrayals are a success from the start.

Blanche Gladstone, the young bride, provides the third of the important feminine trio. She was also splendid particularly in the second act when she informs Victoria of her own dinner plans, taking a stand against the Miss Van Bret; and in the second scene of the act when she pleads her case.

Male Roles Well Played
Playing opposite Miss Gladstone as her husband and young charge of the two sisters is Michael Sivy. He finds the part this week in which he is able and most capable to enact a variety of emotional scenes as the character meets the conflict of strict obedience to his older sister and the more wholesome attitude of his young wife. Houston Richards as the attorney for the Van Brets also comes in for praise, as does the cool-headed Dr. Sully, Stephen Elliott. The men have their chance at dramatics in the last act.

The capable supporting players include the four servants, Lois Clair, Louis Edmonds, Naomi Hesong, Sanford Sidney; the man from Tiffany's who brought the heirloom pearls, Al Loren; and the detective, Robert Carlisle. Almost complete strangers to the Van Brets, the man from Tiffany's and the detective filled entertaining relief spots in the general order of things.

The setting this week has been designed by Jack Otterson who has been working with the lighting in previous productions this season. He has given expert treatment in creating a dismal Victorian room background for Victoria Van Bren's existence.

The play continues each evening through Sunday. Next week starting Tuesday night, the Playhouse will present Kay Strozzini "Biography" by S. N. Behrman.

Police Reports Have Increased In A.B.C. Cases

According to reports received in the offices of the New York State Liquor Authority there has been an increase in the activity of individual police departments throughout the state in reporting violations of the Alcoholic Beverage Control Law to the Authority, according to John L. Mowry, deputy commissioner of the State Liquor Authority, in an address before the New York State Association of Chiefs of Police at the Hotel Utica, Utica, New York, where the annual conference of the organization is being held.

Mr. Mowry stated that since the State Liquor Authority is not vested with police powers of arrest and prosecution of violators of the provision of the Penal Law, it depends upon local law enforcement agencies for the reporting of offenses in violation of the Alcoholic Beverage Control Law. He further stated, however, that the State Liquor Authority holds licenses to a high degree of responsibility and takes administrative disciplinary action against such licensees where they have been found to be in violation of the Alcoholic Beverage Control Law.

Commissioner Mowry reviewed the meetings held between the Association's committee and the State Liquor Authority, citing the continued cooperation between the two bodies. Mr. Mowry also discussed the "Enforcement Guide" published by the State Liquor Authority which contains information regarding the Alcoholic Beverage Control Law, evidence, procedure and other enforcement suggestions.

Bad Storm Kills Boy

Concord, N. H., July 24 (AP)—Clearing up of debris was underway today after a windstorm of tornado force killed a five-year-old boy, slightly injured two persons and badly damaged a National Guard arsenal. John Prescott, Jr., was crushed to death under falling timbers as the squall leveled a barn-garage. Damage to the arsenal was estimated at \$50,000.

'Y' Building Damaged

Lancaster, Pa., July 24 (AP)—A general alarm fire destroyed the fourth and fifth rear floors of the Y.M.C.A. building in downtown Lancaster early today, routing 100 persons housed in dormitories in the front portion of the structure. No one was hurt. Fire Chief Harry Miller said the blaze broke out in the boys' department of the Y. He estimated damage at \$75,000.

Leaves From Boyle's Notebook

By BARBARA WACE
(For Hal Boyle)

Richmond, Surrey—It's fine, swan-upping weather in the Thames valley.

Up the turbid Thames, the King's Men, and the men of the Worshipful Company of Vintners and the Worshipful Company of Dyers will travel in six rowing skiffs the next three weeks, just as they have once a year for five centuries, to divide the swans of England amongst them.

And when the sun sets, the riverside taverns will echo to the cheerful laughter of the hearty watermen who leave their jobs for these few weeks to follow the ancient custom of "swan-upping."

The little procession of be-dagged rowing boats will go from Southwark to Oxford, marking those swans which belong to the Vintners or the Dyers, throwing the King's swans back into the river untouched.

"The King once owned all the swans in England" explained Fred Turk, the King's swankeeper who directs the "upping."

But back in the reign of Edward IV "there were a lot of wars, and well you know wars take money" he said, refreshing himself with a tankard of ale at the famous "Waterman's Arms" at Richmond.

"The King borrowed money from the rich city companies. And in return they got a share of the swans, and can have swan pie at their banquets."

About six hundred adult birds, as well as all the cygnets, will be marked this year. And the Vint-

ners and the Dyers' company will be able to serve swan at their banquets if they wish.

Bolivians Face Trial As Common Criminals

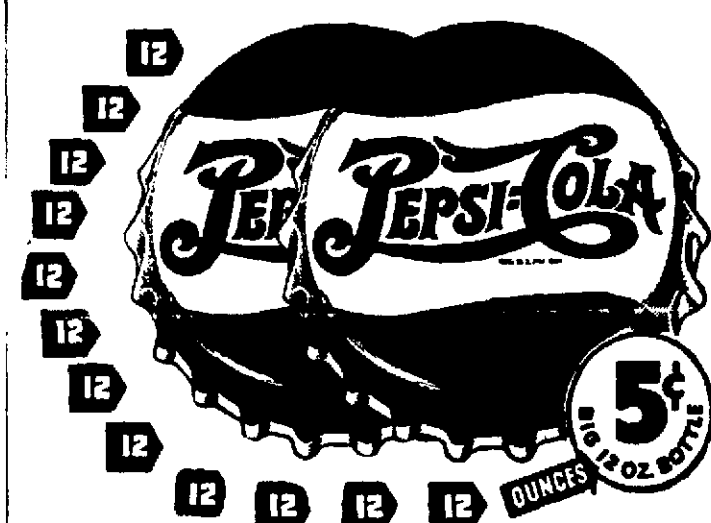

La Paz, Bolivia, July 24 (AP)—The revolutionary government announced today that surviving members of the regime of President Gualberto Villarroel, who was assassinated Sunday in a civilian uprising, would be tried as common criminals.

In a communique, the new government said it had ordered an audit of government funds to determine the amount spent by the ousted regime for campaign and election purposes. Private properties of members of the regime were ordered frozen.

Latest estimates of casualties placed the dead at 1,000 and the wounded at 2,000 in four days of fighting ending Sunday.

Meanwhile, La Paz was returning rapidly to normal, with stores

and factories reopening for business. There were unconfirmed reports, however, that workers in the mining regions of Bolivia had gone on strike for higher wages. Vermont is New England's only inland state.

Police Revision Offered

Tokyo, July 24 (AP)—A 10-point revision of Japan's one-time sinister police system was proposed today by the House of Representatives by the home ministry, which would maintain control as in pre-war days. New York's former police commissioner, Lewis J. Valentine, who recently concluded a survey, urged decentralization.

Oklahoma Ousts Six in Primary Election Runoff

Oklahoma City, July 24 (AP)—A wave of "anti-incumbent" sentiment swept three veteran Democratic congressmen and three longtime state officials from office in yesterday's Oklahoma runoff primary election.

Personalities were the only issues in the races. No outstanding state or national questions were raised. In addition to voting the veteran officeholders out, the state's Democrats picked Roy J. Turner, wealthy Oklahoma City oil and cattleman, as their nominee for governor in the November 5 general election. Turner will face Olney F. Flynn, former Tulsa mayor, who won the Republican July 2.

Defeated were Congressmen Jed Johnson, in the House 20 years; Lyle Boren, in Congress 10 years; and Victor Wickersham, a House member five years. Johnson was beaten by District Judge Toby Morris of Lawton. Youthful attorneys and World War 2 veterans Glen D. Johnson and Preston E. Feden, were chosen Democratic nominees to supplant Boren and Wickersham, respectively.

Chicago Tribune Says Heirens Case Is Nearing Climax

Paper Says Student Told Again of Details of Three Murders and Many Assaults

Chicago, July 24 (AP)—The case of William Heirens, principal figure in the investigation of the kidnap-killing of Suzanne Degnan and two other brutal slayings, reportedly was moving toward a climax today.

The Chicago Tribune, in a copy-right story today, said the 17-year old University of Chicago student at a five-hour conference with his three attorneys yesterday "told again the shocking details of three terrible murders and many, many burglaries and assaults."

"Heirens told, it is reported, the same story that was printed exclusively in the Tribune last week," the Tribune said. "But he told it in more detail." (The Tribune last week said it had learned from "unimpeachable sources" that "Heirens has told" of the three slayings.)

"It was the story of murders of little Suzanne Degnan, of an ex-Wave, Miss Frances Brown, and of a widow, Mrs. Josephine Ross."

Attorneys for Heirens, who is held in the county jail under \$290,000 bond awaiting arraignment on 29 charges of burglary and assault, did not comment on the conference other than to say that they had questioned Heirens about the three slayings. The meeting was held in the chapel of the Cook county jail with the four seated at a table directly in front of the altar.

Meanwhile, State's Attorney William J. Tuohy said he was going to seek quickly indictments of Heirens in the Degnan and Brown cases, and indicated he might ask indictments today.

The Chicago Sun said that before Heirens is arraigned on the murder charges he will request that he be permitted to go before Tuohy and give a detailed, written confession. Chicago newspapers have reported that Heirens would make a formal written confession of the three slayings in exchange for the state's attorney's recommendation to life imprisonment instead of the death sentence.

Tuohy, however, has denied that he has made any such "deal." So have defense counsel. Heirens is not charged with any of the slayings and has denied reports that he already had made an oral admission of the three slayings.

The term "fifth column" was first used by Spanish General Mola during the Spanish Civil War.

Tribunal Refuses Evidence to Prove Chinese to Blame

Tokyo, July 24 (AP)—The international tribunal today refused to permit the defense for Hideki Tojo and 26 other accused war criminals to present evidence intended to show that the notorious Tanaka Memorial, a pamphlet outlining a plan for world conquest, was written by Chinese Communists.

The president, Sir William Webb, halted Capt. Samuel Kleiman when the defense attorney attempted to prove that Russia used its consulate in Harbin to spread Communist propaganda in 1929.

Kleiman explained that he wanted to establish that the Tanaka Memorial was not written by Baron Tanaka, as the prosecution charges, but rather by Chinese Communists. Sir William refused to permit Kleiman to continue the cross-examination on that basis of China's vice minister of national defense, Gen. Chin Teh-Chung.

Military Police Use Mortars in Bulacan

Manila, July 24 (AP)—The sound of 81-millimeter mortars used by military police against revolting peasants in Bulacan province was heard 20 miles away in Manila suburbs today, even as peace reports filtered in from other provinces.

The guns were directed against 200 Hukbalahaps (armed peasants) attacking an outpost where 800 suspected Hukks, arrested in an earlier clash, were being held, authorities said.

Luis Taruc, Huk leader, was meeting with success in Pangasinan province in a government-approved tour to persuade his followers to return to their farms, correspondents with a Peace Party reported.

It's Back to Reno Again

Reno, Nev., July 24 (AP)—Mrs. Ethel Greer Smith's marital adventures with twin brothers were back today where they began two years ago. According to her attorney, John Robb Clarke, Mrs. Smith's life with the Smith brothers started in 1944 when she was married to Elmer J. Smith, 33, in Hollywood.

After that, Clarke said, Elmer joined the army and went to the South Pacific. So Mrs. Smith, 31, of Hollywood came to Reno, divorced Elmer and a year later married his identical twin, Henry V. Smith. She lived with Henry until he was sent to Bahrain Island in the Persian Gulf as an oil company representative.

Today she divorced Henry and married Elmer again.

Red Commentator Hits F.B.I. for Spy Case Action

London, July 24 (AP)—Ace Moscow radio commentator David Zaslavsky loosed a tirade against the United States Federal Bureau of Investigation today for its part in the Lieut. Nicolai Redin spy case, which Zaslavsky called a "filthy provocation by the American secret police." Redin was acquitted in Seattle, Wash., July 1 on espionage charges.

"What induced Hoover (J. Edgar) and his accomplices to embark upon this criminal plot against the Soviet officer, who deserves nothing but the gratitude of the American people?" Zaslavsky asked. Then he provided his own answer:

"This bandit's secret police plot had as its aim disruption of the friendly relations that were established between the Soviet and American peoples during the war against the common enemy, and which continues still, despite all the efforts of the American pro-Fascist reaction."

Zaslavsky declared Redin's arrest in Portland, Oregon, on March 28 provided the signal for "a wild anti-Soviet campaign."

"The reactionary press," he said, "related with relish the vulgar detective story invented in the back rooms of the F.B.I. Redin was described as a spy who attempted to discover the war secrets of the U.S.A. and thus undermine her defense."

This provided a source of income for reporters and an advertisement for the F.B.I. chief, Hoover.

Bay Shore Rector Killed in Accident

Dr. Watson, 74, Was on Way to Cragmoor; Car Strikes Curb

Briarcliff Manor, July 24 (AP)—The Rev. Dr. William R. Watson, 74, rector of St. Peter's Church-by-the-Sea, Bay Shore, Long Island, for the past 30 years, and senior priest, in years of service, in the Episcopal Diocese of Long Island, was killed yesterday in an automobile accident near here.

Police said the accident occurred on the Taconic State Parkway near its junction with the Briarcliff-Pleasantville road, when his automobile struck a curb and slid across the highway into the path of another car. Dr. Watson, who was driving alone, was pronounced dead at Ossining Hospital, Ossining.

The other car, police said, was operated by James M. George, 35, of R.F.D. 5, Danbury, Conn., who suffered arm and chest injuries. George's passenger, Henry De Fabritis, 56, of 10 Bates Place, suffered head injuries. Both were removed to Ossining Hospital.

Dr. Watson, grand chaplain of the Grand Lodge of Free and Accepted Masons of the state of New York from 1907 to 1932, was en route to Cragmoor, N. Y., for his vacation.

A native of New York city, he had served parishes in the Long

Island Diocese for 47 years. He was president of the standing committee of the diocese, on the board of trustees of the diocese estate and honorary canon of the Cathedral of the Incarnation, Garden City.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Doing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—25c. "Unblock" your intestinal tract for real relief from indigestion.

Margaret McGoeys Is Bride of H. J. Murphy In Sauter's Wedding

Miss Margaret L. McGoeys, daughter of Mrs. Margaret O'Connell, West Saugerties, became the bride of Henry J. Murphy, son of Mrs. Elizabeth Murphy, Main street, Saugerties, and the late Harry Murphy, Saturday at 3 p. m. in St. Mary's Church, Saugerties. The Rev. A. A. Donohue officiated.

Mrs. William Johnson was organist and accompanied Anthony Bonacci who sang Millard's "Ave Maria." The altar was decorated with assorted white flowers.

Timothy S. O'Connell of New York city escorted his niece. She wore a white georgette gown made with high neckline, long sleeves and skirt made with tiers of ruffles terminating in a long train. Her fingertip veil was caught with a tiara of seed pearls and she carried a hoop arrangement of white daisies.

Miss Betty McGoeys, sister of the bride, as maid of honor wore a pink silk faille gown with matching picture hat and carried a hoop of blue daisies. The Misses Ann McGoeys, sister of the bride, Madeleine Murphy, sister of the bridegroom, Lorraine O'Connell, cousin of the bride and Mrs. Muriel Carle were bridesmaids. Their gowns of blue faille were designed like the maid of honor's with cap sleeves and oval necklines. They also wore large picture hats matching their gowns and carried hoops of pink daisies. The bride's grandmother wore a black lace dress with black accessories and a corsage of pink sweet peas. The bridegroom's mother wore a fuchsia dress with navy accessories and a corsage of pink sweet peas.

James K. Murphy, brother of the bridegroom, was best man. Ushers were Raymond, Maurice, Thomas O'Connell, cousins of the bride, and Frank C. Carle.

A reception for 100 guests was held at The Barn in West Saugerties. Mr. and Mrs. Murphy left for a wedding trip to Lake George. For traveling the bride wore a blue and white two piece dress with white accessories and a corsage of white gardenias. They will make their home at 70 Clermont street, Saugerties.

Both attended Saugerties High School. The bride was formerly employed at the Ulster County Rationing Board and is now employed at the law office of Ernest E. Schiewer, Saugerties. Mr. Murphy has received his honorable discharge from the engineer and ski troops and is employed by B. H. DeKon Co., Saugerties.

Expect 50-foot Waves

Oceanographers expect waves to be 50 feet high at a distance half a mile from the explosion. The 12 small boats and seven landing craft will be at or on Bikini beach to get the effect of the wave motion.

Closest to the explosion and possibly on the rim of the huge hole expected to be blown for a moment in the lagoon's waters are the battleship Arkansas, the submerged submarine Pilotfish, the famed aircraft carrier Saratoga and the cruiser Pensacola.

A few hundred yards farther out are the battleship New York, the cruiser Salt Lake City and the carrier Independence and Japanese battleship Nagato, both hard hit by the July 1 explosion.

The powerful German cruiser Prinz Eugen is about a mile from the center. On the outer hub of the target wheel is the Nevada, damaged battleship of the air bomb test, and the battleship Pennsylvania.

Two observation ships, the Panamint, carrying scientists and foreign observers, and the Blue Ridge, with its military observers, are expected late today or tomorrow from Kwajalein.

Party Makes Ready To Set Off A-Bomb

Aboard the U.S.S. Mt. McKinley, Thursday, July 25 (AP)—A small group of scientists and Rear Adm. W. S. Parsons boarded a barge in Bikini lagoon shortly before last midnight to cook the trigger for today's underwater atom bomb test against 75 target ships.

The boarding followed a mid-evening meeting at which Vice Adm. W. H. P. Blandy decided, in view of improving weather conditions, to go ahead with the test on schedule. This calls for detonation at 8:35 a. m. (4:35 p. m. Eastern Standard Time, Wednesday, U. S. date).

Weathermen told Blandy that conditions, which were not good yesterday morning, had improved steadily through yesterday.

The admiral in command of "Operation Crossroad" then said he would continue with plans for the test, making postponements every 30 minutes if need be up to about 11 a. m. (7 p. m. today, Eastern Standard Time).

Communists Hit High Prices, Rents, Deal With Wages

Urge Rally to Labor Forces in Fall Elections; Would Cut Aid to Chiang

New York, July 24 (AP)—United States Communists, as the result of a statement by their national board, today embarked upon a policy of hewing close to the traditional party "line"—return to Communist militancy and "class-conscious Marxist-Leninist" theories.

The statement of conclusions promulgated by the national board was published yesterday in the Daily Worker, official party organ. The board met in plenary sessions July 15-18.

Members were directed: "To organize mass actions against inflationary price rises and high rents; to initiate and cooperate in movements for the reopening of wage negotiations."

"To mobilize the party and labor for support of the candidates, platform and aims of the Labor-Progressive forces in the coming November elections."

"To launch a new drive for the breaking of diplomatic and economic relations with Franco Spain."

"To rouse the nation for withdrawal of all United States troops

from China and the halt of American aid to the Chiang regime, which is waging civil war."

The statement also directed party members to achieve an "anti-fascist coalition, led by the working class movement for the resurrection of President Roosevelt's social domestic program and his foreign policy of friendly collaboration with the Soviet Union."

It also ordered that members help "to defeat the Hoover-Vandenberg-Taft clique" and "all candidates who fully support the reactionary Truman policies." Event-

ual creation of a third political party was envisaged.

The statement said Eugene Dennis was unanimously elected general secretary of the Communist party on the motion of William Z. Foster, national chairman.

Tired Homing Pigeon Refuses to Leave Bohan

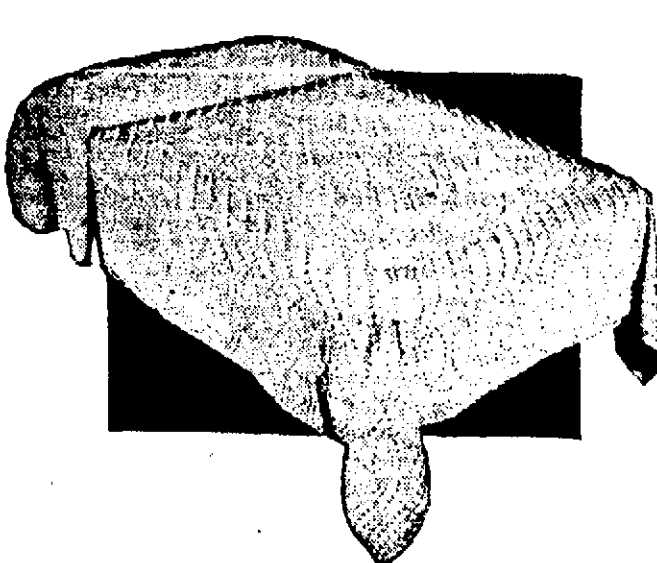

A homing pigeon, apparently tired from flight, settled on the property of Mrs. Thomas Bohan at Port Ewen a few days ago.

The bird was so exhausted it could not fly and after being fed by Mrs. Bohan and cared for it apparently liked the locality so well it still remains there. On its leg it bears a tag "AU46J1138." Mrs. Bohan would like to send the bird on to its home port.

The Egyptians had spoons of ivory, slate, flint and wood.

THIS STORE WILL BE CLOSED SATURDAY AFTERNOON AT 3 P.M. FOR FIREMEN'S PARADE

Paul Simpson 'Wrecker of Champs' Will Box Here on Thursday; Recs Meet New York Firemen Saturday, No Game on Tap Tonight

Wednesday Night Attractions Off. Lutzin Through

Outdoor Is Popular With Local Fans: Crowd Is Anticipated July 27 to See Firemen

Kingston Recreation baseball team will have their regular Wednesday game tonight. The next game for the local ball club is Saturday, against the New York Firemen at the municipal stadium. Game time is 9 o'clock.

It is anticipated that there will be a capacity crowd for this attraction, run in conjunction with the Firemen's convention scheduled for Friday and Saturday this week.

The Firemen, one of New York city's best clubs, outside of the major teams playing in the big leagues, have always drawn big gates in Kingston.

Wednesday games have been discontinued until further notice. Fans generally do not subscribe to the theory that boxing is forcing baseball out of the uptown park on Wednesday nights. They point out that baseball was there first and Kingston has supported baseball twice a week since 1940.

Sidney G. Lutzin, superintendent of recreation now on a year's leave of absence with the state recreation setup, has been relieved of all duties with the Recreation. Harry Edson, who succeeded Lutzin as superintendent of recreation, has taken over his post as financial secretary of the Recreation.

In the Red
The Recreation is dangerously close to the breaking point financially and that is the real reason why Wednesday night games were canceled until further notice.

Eddie Coughlin, a member of the Recreation's board of directors, was reported in Poughkeepsie Sunday looking over the Roe Moyer talent.

Bob Stone, Poughkeepsie scribe, reports a conversation between Coughlin and Ernie Downer, former Recreation outfielder, during the game in the Bridge City.

When Stone queried Coughlin and Downer if they were discussing terms for a possible return of the fleet centerfielder to the Recreation club, they quipped simultaneously: "You're kidding."

Whereupon Stone promptly reminded Coughlin and Downer that the strawberry season had long since passed.

Most Popular Player
Billy Ostrom's brilliant performance against Albany wherein he might have had a shutout but for an error he committed had the town talking yesterday.

Fans agree that Ostrom is the only player on the Recreation that the fans will go to see for any performance. Ostrom was not at his peak against the Albany Senators but he had enough to hold a 2-2 in eight innings and pounded out a single that tied the score.

Given a break in weather, the Recreationists should enjoy one of their best nights of the season Saturday. The overflow from the firemen's parade and convention should swell the attendance to well over 2,000.

Looks Like Billy
Manager Joe Hoffman can choose between Ostrom and Dick Fitzgerald for the starting assignment against the New York Firefighters. Chances are he'll string along with Ostrom. After all, he's the No. 1 man right now.

Los Angeles—Johnny Haynes, 23, Los Angeles, knocked out Walter Hater, 206, Los Angeles, 3.

Six or Seven Good Prospects Uncovered by Dodger Scouts

California Women Are Semi-Finalists In French Tourney

Tom Brown, Also From California Is Only U. S. Male Player in Round

Paris, July 24 (AP)—Except for some minor differences, the 1946 French international tennis championships shaped up today as a carbon copy of the recent Wimbledon tournament—with a California quartet in the women's semi-finals and a lone American male left in the men's round of four.

Tom Brown of San Francisco was the only player from the United States to reach the men's singles semi-finals, just as he was at Wimbledon.

With him were Yvon Petra, the French champ who went on to win at Wimbledon, and Jaroslav Drobny, the Czech southpaw who also was a Wimbledon semi-finalist.

The only exception was dashing Marcel Bernard, France's fourth-ranking player, who put Budgie Patty of Los Angeles out of the running yesterday, 2-6, 6-2, 6-1, 4-6, 7-5. Geoff Brown of Australia was the fourth man at Wimbledon.

In the women's singles semi-finals top-seeded Pauline Betz of Los Angeles meets Dorothy Bundy of Santa Monica and Louise Brough of Beverly Hills plays Margaret Osborne of San Francisco.

In their quarter-finals tills yesterday, Miss Betz downed Betty Hilton of Britain, 6-1, 6-0; Miss Bundy defeated Nelly Landry of France, 6-4, 5-7, 6-4; Miss Osborne stopped Alice Weibers of Luxembourg, 6-3, 6-2; and Miss Brough got the all-American proceedings off to an early start by eliminating Doris Hart of Miami, Fla., 6-2, 4-6, 6-1.

Collegiate Group Favors Recruiting, Paying Ban
Chicago, July 24 (AP)—The National Collegiate Association Council today had for study recommendations by representatives of 20 major college conferences that recruiting and paying athletes must be abolished.

The delegates, winding up an unprecedented two-day meeting yesterday, took a firm stand against semi-professionalism, agreeing to boycott offending schools if necessary.

The N.C.A.A. group—after adjourning a routine session last night—today began its work on these recommendations. However, any action to invoke the newly expressed spirit of amateurism will wait until the N.C.A.A. convenes in New York next January.

The delegates softened their proposal to shut off financial aid to athletes by approval of tuition costs on the basis of need.

Mrs. Voss Takes First Round in Garden City Golf

Woodstock Resident Wins One Up; Weather Causes Upsets in State Tourney

Garden City, N. Y., July 24 (AP)—With the New York State Women's Golf Championship scheduled to move into the second round of match play over the Cherry Valley Club course today, opinion among the players was unanimous that if the heavy rains of the last two days continue, the top players face trouble ahead.

The assorted downpours and wind already have accounted for two upsets. Hilda Swanson of Syracuse, who bowed to Mrs. Jerome Kandell of Elmwood, 1 up on the 19th hole in yesterday's first round, had difficulty because she wears glasses while playing.

Miss Swanson, an ex-Wave who has played a great deal of excellent golf during the past five years in New York state tournaments, had no trouble off the tee. Her drives were well hit and accurate. When she reached the greens, however, Miss Swanson managed to get in few good putts.

Mrs. Kandell, who barely qualified with a 93 after a playoff, faced a tough assignment today when she was scheduled to tee off against Mrs. Charles Lechner of Fresh Meadow, who won the championship in 1934 and 1935.

Mrs. Lechner, incidentally, did not have to lift a club to advance for Grace Amory of Cedar Creek defaulted on the advice of her doctor.

List Is Narrowed
Miss Amory's withdrawal narrowed the list of former champions still in the tournament to four. In addition to Mrs. Lechner, Mrs. Harry McNaughton of Seawane Harbor, who won in 1937, Mrs. Mortimer May of Willow Brook, victor in 1938, and Mrs. Bart O'Brien of Ausable Forks, N. Y., who as Marjorie Harrison, captured the championships in 1940 and 1944, are still in the running for top honors.

Another player to be dealt with is an unknown, Ruth Woodward of the Monroe Golf Club. Miss Woodward, whose 1 up victory over Mrs. Thomas Rudel of Cedar Creek came as a mild surprise did not seem the least bit nervous.

Although she thought the weather had something to do with her defeat, Mrs. Rudel was impressed with Miss Woodward's unusual shooting which was picked up in South America and England.

The main difference in Miss Woodward's game, as contrasted with the methods taught to women in the United States, comes out most forcefully over traps. She uses the English method of a long, low running shot into the wind, played with a straight faced club.

First round results included: Mrs. Clarence Voss, Woodstock, defeated Mrs. Percy Cris, Inwood, 1 up.

Mrs. N. A. Dauchy, Poughkeepsie, defeated Mrs. Ed Longcope, Bronxville, 8 and 2.

Better Golf
By SAM SNEAD

It is known however that a young Windham catcher is definitely under consideration and has been chaperoned with extreme care during Karam's stay in Kingston.

"Red" Gorsline, Kingston high school shortstop, also rates high on Karam's list, along with two or three Poughkeepsie boys.

The Dodger school goes to West New York for a two-day stay starting Thursday.

FIGHTS LAST NIGHT
(By The Associated Press)
Pittsburgh—Eddie "Violent" Ray, 188, Hastings, Fla., knocked out Larry Lane, 199, Newark, N. J., 2.

Washington—Beebe Washington, outpointed Reuben Shank, 150½, Denver, 10.

Detroit—Phil Terranova, 129½, New York, outpointed Sandy Sadler, 125, New York, 10.

3. A down-hill lie is for most golfers a tougher proposition than an up-hill lie. You're apt to have the feeling that the hill is in the way and that your clubhead is going to smack into it on the downslope. But here's the way you should play the shot. On a down-hill lie, have your left leg straight and your right leg bent so that your body, hips, and shoulders are even as in a normal shot. Then position the ball well back of center. Use a more lofted club than you would ordinarily use for the distance desired, because you will be swinging down at the ball and therefore, at impact, the club-face will be more vertical than if the ball were positioned forward of center as in a normal shot. Practice with such lies gives you confidence. When you know what to do and do it with more confidence, you'll get results. Be sure the clubhead follows through close to the ground along the direction line. In a down-hill lie, have a bit more weight on the right foot than the left to help maintain balance.

SCOREBOARD

By JACK HAND
(Associated Press Sports Writer)

Hal Newhouser thought he'd never get another chance at a 30-game victory season when he missed out in 1944 by one but he now has 19 victories and at least 16 more pitching turns for Detroit.

Two years ago when the Tigers just failed to nip the Browns at the wire, Newhouser won 29.

The brilliant southpaw has worked an average of about once in every four games Detroit has played. Only once, however, has he gone to the hill without three days rest and on that occasion he was charged with a loss on relief.

He has won 19 of his twenty-one starts and his current victory, string is seven games long after yesterday's 6-1 verdict over Washington. With 67 games to go, he figures to draw about 16 more starting turns, barring arm trouble.

Boston has been able to top him twice, once knocking him out in the first inning of a 15-4 rout. His only other failure to go the route was a mid-way meeting with Chicago when he lasted seven frames and received credit for a 6-5 decision.

Newhouser's lone relief job was a flop. Joe DiMaggio of the Yanks nicked him for a home run that sent the tilt into overtime and Tommy Henrich belted a decisive round tripper in the 11th inning. Since then he has been unbeatable, allowing only 10 runs in seven games averaging about five hits per contest. His strikeout total has soared to 161 and 1006 for his Big League career.

Detroit routed an old jinx, Dutch Leonard, as Newhouser continued his spell over Washington, allowing only five hits. The Tigers rapped Leonard and Marino Pieretti for 11 safeties and picked up two runs on elusive knucklers that got past catcher Al Evans.

Fine pitching was the outstanding feature of the day's program, limited to four American League games when showers washed out the entire National League program.

Allie Reynolds turned in a workmanlike job in blanking the A's, 2-0 for his fourth success in a row. The Cleveland right hander helped down Phil Marchildon with a seventh-inning single that drove in a run.

Boston loomed up its first start of a long western swing, bowing to Chicago, 7-1. As the White Sox wrapped it up with five runs off Bill Zuber in the first inning, Johnny Rigney tossed a brilliant five-hitter at the league leaders, holding Ted Williams hitless although giving him his 100th walk of the season. A crowd of 49,376, largest ever to witness a single game in Chicago, saw the contest.

With a chance to gain a full length on the Red Sox, the New York Yankees felt flat on their heels in dropping an 8-2 game to St. Louis. Fourteen errors and 14 Brownie hits doomed Maris Russo to his first setback. The left-hander with the ailing flipper was making his second start of the campaign. Denny Galehouse allowed 11 blows in coasting to his fourth win.

Giants Would Go To Arizona Camp
Miami Is Asked to Give Them Release From Verbal Contract

Miami, Fla., July 24 (AP)—The New York Giants have requested Miami to release them from a verbal agreement so they could do their 1947 spring training in an unnamed Arizona city.

Miami City Manager A. B. Curry disclosed yesterday that Giant President Horace Stoneham had written asking their release because the team had "been offered a substantial cash guarantee by a city in Arizona."

"In addition," the letter continued, "we have an offer to play a series of exhibition games in a city in the Pacific Coast League with assurance of a very satisfactory financial return."

The Detroit Tigers signed to return to Lakeland, Fla., for their 10th training season and both the New York Yankees and St. Louis Cardinals have promised to return to St. Petersburg.

The Boston Red Sox signed an agreement returning to Sarasota and Cincinnati plans to come back to Tampa. The Washington Senators are expected to return to Orlando, but some doubt exists that the Cleveland Indians may again train at Clearwater.

Cleveland Boy Is Ring Sensation, Main Bout Boxer

Kayo Hitter Bowled Over Three Titleholders; Fans Are Waiting for Willie Champion

Wrecker of champions. That's the reputation of Paul Simpson, scheduled to box Chuck Cammotto on B'nai B'rith card in the municipal stadium, Thursday night, featuring the heavyweight match between Willie Champion and Ray Hale.

Simpson is a main bout fighter. Wood wrote in a letter to the Freeman, "I seldom let him show in a semi-final even, but to do B'nai B'rith a favor in Kingston I'm permitting him to box in a supporting scrap to the Champion-Hale go."

The hard-hitting Clevelander is matched with Chuck Cammotto, Buffalo middleweight, who has tangled with the best of them in the amateurs. He's under the direction of George Lampshire, an experienced handler, who coaches professionals as well as Simon Pures.

Best Three Champs
Cammotto is in for a tough night of it with Simpson, is the opinion of Ben M. Becker of Albany, co-director of bouts here with Bill Singer. Paul has defeated a string of champions, the national titleholder, Hawaiian champ, and Ohio state crown bearer. He won his last four fights by knockouts.

"Kingston fans will see a real power puncher in action," Wood advised in a letter, "when Simpson goes into action."

Waiting for Champion
Although the entire card is attractive, stadium fans are waiting for Willie Champion, midwestern titleholder. He impressed them with his won over Jimmy Rouse, now an Albany pro, who went undefeated for five years, and coped the C. B. I. Army championship overseas.

Ray Hale, the Canadian lumberjack, fighting out of George Lampshire's Buffalo stable, is expected to give the smart and hard-hitting Clevelander a tougher battle than Rouse, who stepped into the ring as a middleweight with excess poundage hanging around his waist.

Seats Sell Fast
Indications are that there will be a crowd at Thursday night's show. Ringside seats have been selling rapidly. Dr. Murray Greene reports. And, fight fans are discussing the card favorably.

Other five rounders, besides those mentioned, are Jackie Thompson, Buffalo bantamweight vs. Carmine Virgilio of Poughkeepsie and Columbus Lowman, Buffalo welter vs. Joe McNeal, stablemate of Champion and Simpson.

In the prelims, the first of which will start at 9 o'clock, William Verhoek of Kingston, William Verhoek of Kingston, will have a good showing on the last card, when Johnny Glass, Albany, 145 pounder; Charles Stanley, Newburgh lightweight will make his debut against Roosevelt Jones of Albany and Dave Hinkley, Poughkeepsie middleweight, is to dual with Charlie (Clown) Prince Decker of Albany.

Gold Cup Field Begins to Shape
Fifteen Starters Listed for California Race

Inglewood, Calif., July 24 (AP)—With interest centering on the impending westward plane flight of Historian, Herbert M. Woolf's Arlington handicap winner, the \$100,000 Hollywood Gold Cup field began to take shape today.

While track observers were debating whether a horse can win stakes on consecutive Saturdays with a 2,000-mile plane jaunt in between, the spot money assignments indicated 15 starters in Saturday's mile and one-quarter special.

Tony Skoronski, winner of the 1945 cup aboard Challenge Me, was tabbed for Norman W. Church's Quick Reward, 123-pound lightweight. Fred Astaire said Joe Dean Jessop, 1945 champion job, will ride his Triplecrown.

Gromyko Rejects U. S. Proposals on Control of Energy

New York, July 24 (P)—Andrei A. Gromyko, Soviet representative to the United Nations Atomic Energy Commission, today flatly rejected the major United States proposals for control of atomic energy.

Gromyko, speaking at a session of committee No. 2, specifically turned down the U. S. proposals for setting up an atomic development authority and for ruling out the veto on atomic matters.

In making his statement, the Soviet representative made it clear that his government was rejecting "as a whole or any part" of the third memorandum submitted by Bernard M. Baruch, U. S. delegate. This memorandum had summed up all previous negotiations.

Crusade Planned By Local Churches

First Baptist, Clinton Ave.
Will Conduct Program

The First Baptist Church and the Clinton Avenue Methodist Church have made initial plans to unite their forces in conducting a home visitation evangelism crusade and a preaching mission in their churches this autumn. The ministers of these churches are working together with the conviction that the Christian-minded people of Kingston desire such a program and will support it wholeheartedly.

The Rev. Gordon H. Schroeder, director of evangelism of the Baptist State Convention, Syracuse, has already agreed to conduct the home visitation evangelism crusade from Sunday, September 29 to Tuesday, October 1. He is a graduate of the Eastern Theological Seminary, Philadelphia, Pa. He was a very successful pastor before he was unanimously selected as state director of evangelism. The Rev. Dr. William Ward Ayer, pastor of the historic Calvary Baptist Church, New York city, who is at present taking an extensive trip throughout South America, will be the guest preacher during the preaching mission from Wednesday, October 2 through Sunday, October 13. Dr. Ayer has been granted a leave of absence from his church to conduct similar services in Evansville, Ind., Beckley, W. Va., and Rochester, Minn. He is an outstanding radio preacher, author, and traveler. He has been heard by capacity audiences in Kingston several times during the past two years. He will be assisted by an outstanding Gospel singer, who will conduct the music throughout the services.

The earliest spoon was a chip of splinter of wood.

Pullman Employees Plan Strike Unless Board Is Selected

Washington, July 24 (AP)—Conductors of the Pullman system plan to strike August 7 over a wage issue unless President Truman names a fact-finding board. That action automatically would halt any walkout for 60 days.

H. W. Fraser, president of the Order of Railway Conductors, said last night the dispute involves interpretation of a wage increase agreement for 2,700 members of the union.
In the settlement of the recent railway strike, he explained, the Pullman conductors were granted a pay increase of \$1.48 a day.
The union contends the men should receive a monthly increase of 30 times \$1.48, but the Pullman Company, Fraser said, wants to break the increase down into an hourly figure and pay it on the basis of hours worked per month.

Fraser said this would cost the conductors only eight cents a day and \$2.40 a month, but, he added, it changes the formula for determining wage increases for salaried employees which has been in effect for many years and recognized by the carriers.

James M. Carry, vice president of the Pullman Company, said in Chicago Pullman had agreed to submit the dispute to arbitration under the railway labor act but the union declined.

Fraser said last night, "We have arbitrated it."

Allied Council Heeds Red Request on Japan

Tokyo, July 24 (AP)—The Allied (advisory) Council for Japan heeded a Russian request today to delay action on a Supreme Headquarters' anti-publicity proposal to which Russia had objected vigorously.
The Council adjourned without voting on the proposal to restrict publication of recommendations or comments on agenda subjects until after they have been discussed in meeting. Russian representative Lt. Gen. Kuzma Derevyanko raised the objection and asked that the matter be passed until the next meeting, scheduled for August 7.

Earlier this month, just prior to a Council meeting, the Russians issued a press release outlining extensive views on a labor policy for Japan—and were accused by the American chairman of using the organization to spread "propaganda."
In effect, observers pointed out, the proposed procedural rule would muzzle pre-meeting comment by any member on agenda subjects.

Hillman's Estate Is Valued at \$69,000

New York, July 24 (AP)—Sidney Hillman, labor and political leader who died July 10, left an estate of \$69,000, an application for release of assets filed with the State Estate Tax Commission showed.

Mrs. Bessie A. Hillman, his widow, applied yesterday to Charles W. Ferry, deputy state tax commissioner, for waivers to permit the family to receive proceeds of insurance policies, declaring the late president of the Amalgamated Clothing Workers of America and chairman of the Political Action Committee left no will.

She said Hillman held two life insurance policies, one of \$50,000 with the Travelers Insurance Company, which goes in equal shares to herself and her two daughters, Mrs. Selma Lerner and Mrs. Philo Fried, and a second policy of \$10,000 with the Metropolitan Life Insurance Company in her name.

In addition, there were bank shares and certificates valued at \$6,900.

Hillman received \$15,000 a year salary from the union but received nothing from P.A.C.

missioner, for waivers to permit the family to receive proceeds of insurance policies, declaring the late president of the Amalgamated Clothing Workers of America and chairman of the Political Action Committee left no will.

She said Hillman held two life insurance policies, one of \$50,000 with the Travelers Insurance Company, which goes in equal shares to herself and her two daughters, Mrs. Selma Lerner and Mrs. Philo Fried, and a second policy of \$10,000 with the Metropolitan Life Insurance Company in her name.

In addition, there were bank shares and certificates valued at \$6,900.

Hillman received \$15,000 a year salary from the union but received nothing from P.A.C.

Piccard Prepares To Go Four Miles Down Into Ocean

By ALFRED CHEVAL

Brussels, July 24 (AP)—Prof. Auguste Piccard, the Swiss scientist who was the first to ascend 10 miles into the stratosphere, is preparing now for a four-mile dive into the sea in a steel sphere six feet four inches in diameter with walls three and a half inches thick.

Piccard's attempt to explore deep sea bottom, sponsored by the Belgian National Scientific Research Fund, will be made early in 1947, probably in the Gulf of Guinea.

With Max Cosyns, Belgian scientist who accompanied him into the stratosphere, Piccard is experimenting with a steel model of his undersea "balloon" under pressures ranging up to more than 3,700 pounds to the square inch.

Piccard's new device, which he calls a two-person submarine, has a 15-ton spherical cabin topped by a buoy containing a supply of gasoline. An electromagnet underneath holds the ballast of iron filings. When ready to dive the submarine will weigh about 40 metric tons.

Ballast Will Do Job

The heavy iron ballast, Piccard says, will carry the machine to the bottom. Released from its mother ship, two small motors will propel it over the ocean floor. When ready to rise, Piccard says, current to the electromagnet will be cut and the ballast released.

The tall, white-haired professor

said he had long planned for his adventure. "Forty years ago, I was dreaming about it while I was a student."

Piccard was watching his experimental model being put to tremendous pressure in a specially made cylinder at his Brussels University laboratory.

"Let us add a little more pressure," he said, as the indicator needle rose to a dangerous level. "This plunge into the deep is no more dangerous than walking in the street," he added. "If you take all necessary precautions before starting."

Crushed Out of Shape

Nearly by an earlier model of the machine, crushed out of shape by terrific pressure in the laboratory experiments. Once a rupture in the high pressure cylinder shot out a jet of oil that splashed into two an inch-thick copper plate.

"This experiment will be of great interest mostly to biologists and geologists," Piccard said. "Max Cosyns and I will be accompanied in each dive by a specialist in these sciences. We've had many requests to join us. But our choices have not been made. Each dive will last about 12 hours and will take us about 15 miles away from the conveying vessel."

More Connections

Postal exchange between the Soviet Union and foreign countries is almost four times the war figure and mail connections are maintained with more than 80 countries.

McNary Gives Behavior Code for Yanks in Red Zone

Frankfurt, July 24 (AP)—Gen. Joseph T. McNary's headquarters have issued a strict code of behavior for Americans entering Soviet occupied territory in Europe to prevent "embarrassment"

to the United States. Rigid controls, it was disclosed, have been ordered to avoid "prolonged detention" of American army personnel in eastern, central and southeastern European countries.

A directive from headquarters said that "certain instances of misconduct" on the part of Americans in eastern Europe had "resulted not only in embarrassment to this headquarters and certain high-level diplomatic representatives, but also in the prolonged detention of individuals involved in incidents caused by this misconduct."

Two Americans were released by the Russians last week after 15 days' detention, and two others are missing from Berlin.

32. NO GOOD FROM A CORPSE by Leigh Brackett. Ed Clive was a tough man, and he had to prove it to unravel the mystery of the lovely Laura Dane. Excellent—tight, fast-moving and tense, full of action. "Topical Daily Capital."

34. THE LAST SECRET by John Dow. What would happen with an enemy in possession of the secret of atomic energy? "The best read in the U.S. Intelligence Department which has come out for some time... a thorough, hair-raising." "Louisville Courier-Journal."

35. SNAKE IN THE GRASS by James Howard Wallard. What happened at this huge resort hotel was enough to drive any sane man crazy. "Interesting and moving and cast is colorful." "Saturday Review Literature."

37. DARK VOYAGE by Ed Addis. Fate and death aboard a pleasure liner ploughing dark Pacific waters. "One of those rare mysteries that has everything." "Winston-Salem Jnl. Sentinel."

38. THE MAN WITH THE LUMPY NOSE by Lawrence Sanders. His face was grotesquely comic but brutal murder blossomed like an evil flower in his tracks. "Snap, unusual atmosphere...fascinating characters." "South Bend Tribune."

39. SEND ANOTHER COFFIN by F. G. Prael. A political thriller, about a hard-hitting lawyer who was going to corner a killer or upset the city's administration in the process. He did both! Top-notch writing, tense with suspense and action.

40. DEAD LITTLE RICH GIRL by Norbert Davis. The scene is Mexico and things happen such as could happen only in Mexico. Laughs on every page—and you've never met the cruel of Dean, self-confessed world's greatest detective, and his canine assistant, Canine, a Great Dane who licks and sneezes. Top reading! "Humor! Suspense!"

41. IF I KILL HIM by John and Ward Hawkins. A dramatic story of crooked politics, murder, love and a venetian investigation, plotted behind prison bars, that exposed a state scandal, solved a series of mysterious deaths and sent a political car crashing from his throne. Fast-moving, tense excitement!

42. THE FALL GUY by Joe Barry. Fast-fire, hard-boiled private detective, found himself jammed with a bewitching redhead who wanted protection, a young man who died mysteriously, and a couple of killers looking for a fortune in emeralds... Thrill-packed mystery loaded with action.

43. BODY ON THE PAVEMENT by Gordon Meyrick. Rex Hale of Scotland Yard became a candidate for the morgue when he found a mysterious stranger dead on the sidewalk, met a beautiful girl caught in a web of lies and discovered the killer's secret. Suspense and chills.

44. DEAD LITTLE RICH GIRL by Norbert Davis. The scene is Mexico and things happen such as could happen only in Mexico. Laughs on every page—and you've never met the cruel of Dean, self-confessed world's greatest detective, and his canine assistant, Canine, a Great Dane who licks and sneezes. Top reading! "Humor! Suspense!"

45. THE BLONDE IS DEAD by John Dow. The Taylor household was headed for trouble, with Wayne Taylor, his wife, his mistress and his wife's lover under the same roof. But even in this hotbed of jealousy and passion, none expected murder—until it happened! Smooth writing, high suspense!

46. THE CASE OF THE TERRORLESS WIDOW by John Roeburt. When Little Joey slipped Jigger Moran, a famous New York taxi driver, four grand to crack a doctor's murder, Jigger knew the deal was screwy. How screwy he didn't dream until he met the doctor's widow. Hard-boiled, plenty of action!

47. SWEET MURDER by Scott Mitchell. A hypodermic needle, monkey business in the vitamin business, two dead girls in a famous hand leader's bed and a depraved young giant—all spell trouble for tough Wood Jackson, skirt-chasing sleuth, whose bunnet is getting into trouble. Humor, hard-boiled action!

48. THE ABOUT NEAR BOOK by Eton K. Goldthwaite. Homer Addins was just a peaceful, ordinary guy. But when his wife ran off with a notorious gambler, he went on the warpath—and wound up with murder! Fast-moving suspense!

49. THE CORPSE WHO WOULDN'T DIE by Ed Doherty. Dan Fallon, journalist, went out for a story—and got it!... Murder at sea, a stolen board of platinum, a pair of deerskin gloves, a New Englander who was a hitch-hiker! Dan wrote the story in a marked man! Action, surprise ending!

50. THE DANGEROUS DEAD by William Brandon. Back in the snowy Vermont hills the game warden died a violent death. But somewhere, in the dark, quiet night, Sam Ireland found murder and evil deeds of the past. Atmosphere, suspense!

51. DARING, THIS IS DEATH by Donna Chambers. The bullet-riddled body of a stranger, a pack of ruthless killers prowling the country, from ice-bound New England to sunny Florida, hunting a lovely girl-in-distress and her break young lover who unwittingly possessed a deadly secret. Thrills, chills, action!

52. THE TRIPLE CROSS by Joe Barry. Rush Henry awoke in a hospital bed. They told him he was in Des Moines, Iowa, but they failed to tell him that he was up to his neck in a vicious plot involving a million dollars, a beautiful but double-crossing young heiress and murder! Action and thrills!

53. PUZZLE FOR PLAYERS by Patrick Quentin. When Peter Duluth, making a comeback on Broadway, tried to open his new show, he didn't know he was doing it in a theatre in which there had been a hanging, where old hates still existed and where death played the leading role! Atmosphere and suspense!

54. MONEY BACK GUARANTEE So confident are we that you will find the biggest dollar's worth of mystery entertainment you ever had, we make this money back guarantee: Keep the books for 10 days. If you don't like them, return them to us and we'll refund your dollar in full!
